

What If

Emilie Autumn

I figured this out on piano to accompany a friend so I thought I d throw it out there the guitarists too. If you play the chords with finger-style arpeggios you can the piano part on the original recording.

You can use pretty much all open chords except for the C#m, which I play barre at the fret.

Emilie Autumn - What If

(From the album *Enchant*)

E5

Here you sit on your high-backed chair

E5

Wonder how the view is from there

E5

I wouldn t know cause I like to sit

Asus2 B7

Upon the floor, yeah upon the floor

E5

If you like we could play a game

E5

Let s pretend that we are the same

E5

But you will have to look much closer

Asus2 B7

Than you do, closer than you do

Asus2 B7

And I m far too tired to stay here anymore

Asus2 B7

And I don t care what you think anyway

Asus2 B7

Cause I think you were wrong about me

Asus2 B7

Yeah what if you were, what if you were

E B7

And what if I m a snowstorm burning

C#m A

What if I m a world unturning

E B7

What if I m an ocean,

C#m A

far too shallow, much too deep

E B7

What if I m the kindest demon

C#m A

Something you may not believe in

E B7

What if I m a siren singing

C#m A

gentlemen to sleep

D - B7 - E

E5

I know you ve got it figured out

E5

Tell me what I am all about

E5

And I just might learn a thing or two

Asus2 B7

Hundred about you, maybe about you

E5

I m the end of your telescope

E5

I don t change just to suit your vision

E5

Cause I am bound by a fraying rope

Asus2 B7

Around my hands, tied around my hands

Asus2 B7

And you close your eyes when I say I m breaking free

Asus2 B7

And put your hands over both your ears

Asus2 B7

Because you cannot stand to believe I m not

Asus2 B7

The perfect girl you thought Well what have I got to lose

E B7

And what if I m a weeping willow

C#m A

Laughing tears upon my pillow

E B7

What if I m a socialite

C#m A

who wants to be alone

E B7

What if I m a toothless leopard

C#m A

What if I m a sheepless shepherd

E B7

What if I m an angel without

C#m A

wings to take me home

D - B7 - E

E - D#

C#m A

You don t know me

E B7

Never will, never will

C#m A

I m outside your picture frame

E B7

And the glass is breaking now

C#m A

You can't see me

E B7 D

Never will, never will

D

If you're never gonna see

E B7

What if I'm a crowded desert

C#m A

Too much pain with little pleasure

E B7

What if I'm the nicest place

C#m A

you never want to go

E B7

What if I don't know who I am

C#m A

Will that keep us both from trying

E B7

To find out and when you have

C#m A

Be sure to let me know

E B7

What if I'm a snowstorm burning

C#m A

What if I'm a world unturning

E B7

What if I'm an ocean, far too

C#m A

shallow, much too deep

E B7

What if I'm the kindest demon

C#m A

Something you may not believe in

E B7

What if I m a siren singing

C#m A B C#m

Gentlemen to sleep

A B C#m

Sleep...
