

## Feel Fine

Emilie Nicolas

[Verse]

**A** **F#m**  
I won't look at you the same way again, ah  
**E** **A**  
Some of my joy and then my pain  
**F#m**  
The need to fuck and take all my clothes off  
**E**  
To hide in my soul, soft  
**A**  
We shivered, we laughed, you held me down  
**F#m**  
Then you vanished in front of my eyes

I see it's clear we're over  
**A**  
You only get one chance

[Chorus]

**F#m**  
I wanna feel fine, wooh

But they won't fall on its own, ah  
**E**  
The right won't

**F#m**  
So I grabbed to whatever was breathing out of the water  
**E**

You drown first, this is cursed  
                          **A**                          **F#m**  
You only get one chance
