

Not Afraid

Eminem

I found the easiest way to play this song is using power chords. It s the same chords over and over again so I inputted what it looks like in the first verse and chorus and then included the rest of the lyrics for you to play around with. These are the correct chords to the album version and the VEVO version on youtube. Some other version on youtube are a half a step up.

NO CAPO

The power chords in this case would be:

C [X-3-5-5-X-X]

Ab [4-6-6-X-X-X]

Eb [X-6-8-8-X-X]

Bb [6-8-8-X-X-X]

[Verse 2]

Ok quit playin with the scissors and shit, and cut the crap
I shouldnt have to rhyme these words in the rhythm for you to know its a rap
You said you was king,
you lied through your teeth
For that, fuck your feelings,
instead of getting crowned youre getting capped
And to the fans, Ill never let you down again, Im back
I promise to never go back on that promise,
in fact, Lets be honest,
that last Relapse CD was ehhhh
Perhaps I ran them accents into the ground
Relax, I aint going back to that now
All Im tryna say is get back, click-clack BLAOW
Cause I aint playin around
Theres a game called circle and I dont know how
Im way too up to back down
But I think Im still tryna figure this crap out
Thought I had it mapped out but I guess I didnt
This f-cking black cloud still follows,
me around But its time to exercise these demons
These motherfu-kers are doing jumping jacks now!

[Chorus]

[Bridge]

And I just cant keep living this way
So starting today, Im breaking out of this cage
Im standing up, Imma face my demons
Im manning up, Imma hold my ground
Ive had enough, now Im so fed up
Time to put my life back together right now

[Verse 3]

It was my decision to get clean, I did it for me
Admittedly I probably did it subliminally for you
So I could come back a brand new me, you helped see me through
And dont even realise what you did, believe me you
I been through the ringer, but they can do little to the middle finger
I think I got a tear in my eye, I feel like the king of
My World, haters can make like bees with no stingers, and drop dead
No more beef flingers, no more drama from now on, I promise
To focus solely on handling my responsibilitys as a father
So I solemnly swear to always treat this roof like my daughters and raise it
You couldnt lift a single shingle on it
Cause the way I feel, Im strong enough to go to the club
Or the corner pub and lift the whole liquor counter up
Cause Im raising the bar, I shoot for the moon
But Im too busy gazing at stars, I feel amazing and

[Chorus]

Im not afraid to take a stand
Everybody come take my hand
Well walk this road together, through the storm
Whatever weather, cold or warm
Just let you know that, youre not alone
Holla if you feel that youve been down the same road
