Eminem - Stronger Than I Was From MMLP2

The whole song is based upon 4 chords. You can play it normaly but I like to play it as arpeggio following this pattern :

```
E -----X-----|
B -----X-----X-----|
G -----X-----X-----|
D ---X-----X-----|
A -----|
E -B-----|
```

B is standing for Bass

So the chords are :

CAPO 6

[Verse 1]

```
[E]           [C]  [G]           [D][E]           [C]
  You used to say that I d never be nothing without you
  [G]  [D] [E]           [C]  [G]  [D]           [E]
And I believe I m striding the roads, I guess I can t breathe
           [C]           [G]           [D]  [E]
Just lay here with me, baby, hold me please
           [C]
And I beg and I plead, drop to knees
  [G]           [D]
And I cry and I d scream, baby, please don t leave
[E]           [C]
Snatch the keys from your hand
           [G]
I would squeeze and you d laugh
           [D]
And you d tease, you re just fucking with me
  [E]
And you must hate me
  [C]           [G]           [D]
Why do you date me if you say I make you sick?
  [E]           [C]
And you ve had enough of me
           [G]           [D]
I smother you, I m bout to jump off the edge
```

[Hook]

[E]

But you won't break me

[C] [G] [D]

You'll just make me stronger than I was

[E] [C] [G] [D]

Before I let you, I bet you I'll be just fine without you

[E] [C]

And if I stumble, I won't crumble

[G] [D]

I'll get back up and uhhh

[E] [C]

And I'm still be humble when I scream fuck you

[G] [D] [E]

Cause I'm stronger than I was

Same thing again and again.

[Verse 2]

A beautiful face is all that you had

Cause on the inside you're ugly, man

But you're all that I love

Aggrieved, you can't leave

Please stay here with me, baby, hold me please

And I'd beg and I plead, drop to knees

And I'd cry and I'd scream, baby, please don't leave

Cause you left and you took everything I had left

And left nothing, nothing for me

So please don't wake me from this dream, baby

We're still together in my head

And you're still in love with me

Till I woke up to discover that that dream was dead

[Hook]

But you won't break me

You'll just make me stronger than I was

Before I let you, I bet you I'll be just fine without you

And if I stumble, I won't crumble

I'll get back up and uhhh

And I'm still be humble when I scream fuck you

Cause I'm stronger than I was

[Verse 3]

You walked out, I almost died

It was almost a homicide that you caused cause I was so traumatized

Felt like I was in for a long bus ride

I'd rather die than you not be by my side

Can't count how many times I vomited, cried

Go to my room, turn the radio on and hide, uh

We were Bonnie and Clyde

No, on the inside you were Jekyll and Hyde I

Felt like my whole relationship with you was a lie

It was you and I, why did I think it was ride or die?

Cause if you could ve took my life you would ve  
It s like you put a knife to my chest and pushed it right through to the  
Other side of my pack and stuck a spike, too, should ve  
Put up more of a fight, but I couldn t at the time  
No one could hurt me like you could ve  
Take you back now, what s the likelihood of that?  
Bite me, bitch, chewing on a nineteen footer  
Cause this morning I finally stood up  
Held my chin up, finally showed a sign of life in me for the  
First time since you left me and left me with nothing but shattered dreams  
And a life we could ve had and we could ve been  
But I m breaking out of this slump I m in  
Pulling myself out of the dumps once again  
I m getting up once and for all, fuck this shit  
I mma be late for the pity party  
But you re never gonna beat me to the fucking punch again  
Took it on the chin like a champ so don t lump me in with the chumpy ends  
I m done being your punching bag  
It was the November 31st today, would ve been our anniversary  
Two years, but you left on the first of May  
I wrote it on the calender, was gonna call, but couldn t think of the words to  
say  
But it came to me just now, so I put em in a verse to lay  
And I thank you cause you made me a better person than I was  
But I hate you cause you drained me  
I gave you all, you gave me none  
But if you blame me, you re crazy  
And after all that s said and done  
I m still angry, yeah, I maybe  
I may never trust someone

[Hook]

But you won t break me  
You ll just make me stronger than I was  
Before I let you, I bet you I ll be just fine without you  
And if I stumble, I won t crumble  
I ll get back up and uhhh  
And I mma still be humble when I scream fuck you  
Cause I m stronger than I was.

Hope it was helpful (:
