You got me deep, just like they all said you would

Cause you left me scored

I drew the five of swords, and now

A#

I m running, I m running

F Dm C

I m coming to bring you down

[Chorus]

A# F

Cause baby I m a liar, I m a bitch

Dm C

And you and I have unfinished business

A# F

Narcissistic hypocrite

Dm C

And I m petty as hell but at least I admit it

Blow my phone up, say I m crazy

What goes around, comes back around

If only you had been a nicer person

I m a liar, I m a bitch

Dm C

And you and I have unfinished business
