

Go The Distance
Emma Blackery

Capo 4

C **Am**
I remember the first, I remember the first time that we met
G **C**
I didn't say a word, we were too nervous to make our feelings heard
and now we've been through the worst
Am
and we came out the other side just fine
and our friends say we were never gonna make it
G
we just take it day by day

Am **G** **C** **Am**
So just stay close, no one else matters here but us
C **G**
it's you that I trust

(Chorus)

C
And I think we'll go the distance
I think we're gonna make it
Am
although it happened so fast
G
I know that we'll make it last
C
I think I found the answer
to all our little problems
Am
So put your hands in mine
G
and just forget the time

Do you remember the last, Do you remember the last time that we spoke
you said I'm falling too fast, and that we ought to try and take things slow
there's no time for that, We've been given a moment and this is now
and now I wake up every single morning
I know we can do anything
In a year or two, you could be with somebody new
what have we got to lose

(Chorus)
