G D Em C
If I told you how I feel about you
G D Em C
Would you say the same?
G D Em C
And if I wrote it in a letter
G D D Em C
Would you keep it or throw it away?
G D Em C
I never thought I d feel the way I m feeling lately
G D Em C
When everything you seem to do just drives me crazy.

G D Em C
Every waking day, you take my breath away.
G D Em C
With every word you say, you take my breath away.
G D Em C
You look at me that way, baby come what may.
G D Em
I hope you ll always know
C G D Em C
How you take my breath away,
G D Em C
how you take my breath away.

If you told me how you feel about me, things I did not know;
You said you fill my heart with all your love until it overflows.
I don t know they way you feel, but boy I m hoping.
I always used to hide away, but now I m open.

Every waking day, you take my breath away.
With every word you say, you take my breath away.
You look at me that way, baby come what may.
I hope you ll always know
How you take my breath away, how you take my breath away.

Take my breath away, take my breath away, take my breath away.
Every waking day, you take my breath away.
Every word you say, you take my breath away.
You look at me that way, baby come what may.
I hope you ll always know
How you take my breath away, how you take my breath away.
How you take my breath away.
