

Overkill

Emmerson Nogueira

E **B**
I can't get to sleep
D **A/C#**
I think about the implications
E **B**
Of diving in too deep
D **A/C#**
And possibly the complications
E **B**
Especially at night
D **A/C#**
I worry over situations
E **B/D#**
I know will be alright
D **A/C#**
Perhaps it's just imagination

| **C#m** **B**
| Day after day it reappears

| **C#m** **A/B** **B**
| Night after night my heartbeat shows the fear

| **G#4** **G#** **A7+** **D**
| Ghosts appear and fade away

E **B**
Alone between the sheets
D **A/C#**
Only brings exasperation
E **B**
It's time to walk the streets
D **A/C#**
Smell the desperation
E **B**
At least there's pretty lights
D **A/C#**
And though there's little variation
E **B/D#**
It nullifies the night
D **A/C#**

From overkill
