          D              A/C#
Turn me loose from your hands
          G  G/A          D
Let me fly to distant lands
          E                      G
Over green fields, trees and mountains
D/F#   A              D
Flowers and forest fountains
G              A              D
Home along the lanes of a skyway
          D              A/C#
For this dark and lonely room
          G  G/A          D
Projects a shadow cast in gloom
          E
And my eyes are mirrors
          G
Of the world outside
          D/F#
Thinking of the ways
          A              D
That the wind can turn the tide
          G              A              D
And these shadows turn from purple into grey
          G
For just a Skyline Pigeon
A
Dreaming of the open
D
Waiting for the day
          G
He can spread his wings
          A              D  F#
