

## City Song

Emmy the Great

I figured this out from a live acoustic version so I m not totally sure if the full is the same but this is good enough to strum along to.

Capo 3

**G**

**G** **Em7**  
The city called me so I came  
**Am** **D**  
It isn t mine to question what it said  
**G** **Em7**  
I sleep until the point when I m awake  
**Am** **D**  
I walk until there s nothing left to tread  
**G** **Em7**  
And everyone was looking for an answer  
**Am** **D**  
And everyone was waiting for a break  
**G** **Em7**  
I came and I was bored of it soon after  
**Am**  
But I had  
**D7** **Am**  
nowhere to go and so I stayed  
**D7** **Am**  
I dreamed a lifetime of this place  
**D7** **G**  
It seemed an awful thing to waste

C/D/G/G/C/D

**G** **Em7**  
Oh, the morning fills my mouth up with decay  
**Am** **D**  
I like it, it reminds me how you taste  
**G** **Em7**  
Sometimes I feel you rising up behind me like the wind  
**Am** **D**  
But I still try to look away  
**G** **Em7**  
What will you look like when you re old?  
(What will you look like when you re old?)  
**Am** **D**  
What will I do if I don t know you?  
(What will I do if I don t know you?)  
**G** **Em7**

I guess that I decided not to ask the day

**Am**

I took the road

**D7** **Am**

Down to the city as it called

**D7** **Am**

Sun making silhouettes of gauze

**D7** **G**

I don t remember you at all

C/D/G/G/C/D/G/C/D

**G** **Em7**

The city called me and I came

**Am** **D**

It isn t mine to question why

**G** **Em7**

Sometimes the clouds will part ahead, I hear your name

**Am** **D**

It s like a choir in the sky

**G** **Em7**

What will you look like when you re old?

(What will you look like when you re old?)

**Am** **D**

What will I do if I don t know you?

(What will I do if I don t know you?)

**G** **Em7** **Am**

I guess that I decided not to ask the day I took the road

**D7** **Am**

Down to the city as it called

**D7** **Am**

Sun making silhouettes of gauze

**D7** **G**

I don t remember you, I don t remember you at all

C/D/G/G x2

C/D/Am

**D7** **Am**

They pulled a human from my waist

**D7** **Am**

It had your mouth, it had your face

**D7** **G**

I would have kept it, I would have kept it if I d stayed.

Enjoy, Mike x
