Emmy the Great

[Verse 1]

G
Is all that we ve become,
C
Just nothing but hats and bags

In the air, a sea of words,
C
That didn t come soon enough
Am
In my mind a railway station
G
And a ticket stub

[Chorus]

C
And it is easter in the town
G
I can hear as they strike off the bell
Am
We re listening to some old man
G
Say he came back to life with a hole in his head

C **G**
And now the sunday school is gathered Together in pink and in blue
Am
They re heralding angels for you
D7
But not for me

[Bridge]

They re singing
C **G**
Gloria in excelsis

Am D7

Deo deo

[Verse 2]

G
And i am grateful for the things
C
That you ve tried to show to me dear
Am
But there no arcadia
G
No alby and theres no jerusalem here

G
And underneath your pastures green
C
There s earth and there ash
And theres bone
Am
And there are things that dissapear
G
Into it and then they are gone

[Chorus]

C
And there is light that hits the sky
G
And then it is midnight again
Am
And there is my mother, my father,
G
And you and we are all impermanent

C
And on the green they tell their tales
G
About how even the dead can come back
Am
I just dont believe in that

[Bridge]
