Emmy the Great

First Love

Am C/B C
I remember how we met
F G
but your name I forget
Am C/B C G E
like the door that I have kept unopened
Am C/B C
I remember it was wet
F G
and the swelt and the sweat
Am C/B C G E
and the shelter of the bed we we re clothed in
F C
You were stroking me like a pet
Am G
but you didnâ€™t own me yet
F C G
and the tape in the cassette deck was choking
E
Spat out a broken hallelujah

Am C/B C F G

Am C/B C E

Am C/B C
But Iâ€™ve seen the way the earth
F G
throws its aces with a curve
Am C/B C
You were waiting for the words
G E
to come to yer.

Am C/B C F

Just to say that you prefer to be lonely

G

to be cursed

Am C/B C G E

and to do the very worst you can do.

F C

Yeah I remember you like a verse

Am G

that I didn't want to learn

F C

I just looked into your eyes

E

and I knew yer.

F C

Now the thought of you is burnt

Am G F C

E

on my body from the first time you did rewind that line from Hallelujah.
The original Leonard Cohen version.

Am E Am E Am C F C

F C

Well I wish that I never met you that day

Am C

You said I have a room and music to play

F C

I have a room let me show you the way

Am C

I wish that I'd never come

F C

But now that I have, I would do it again

Am C

I would forget like I'd piss on a grave

F C

I would forget that I'd piss on a grave

Am C F C

and the words as they came to my tongue were hallelujah. Hallelujah!

Am C

And the sky was so much bluer

F C

Hallelujah! Hallelujah!

Am C

And the world was so much newer.

F

You said I have a room

C

at the top of the stairs

Am G

I have a room with a view

F **C**
I know we all have a cross that we bear
Am **G** **E**
and Iâ€™d like to show it to you.

Am C/B C F G

Am C/B E

F **C**
And you left me in the light
Am **G**
and you met me in the light
F **C** **E**
and we only had a night between the two.

F **C**
You were waiting for the worst
Am **G**
You were listening for a curse
F **C** **E**
but the only thing I heard was hallelujah.

F **C**
Hallelujah! Hallelujah!
Am **C**
And the sky was so much bluer
F **C**
Hallelujah! Hallelujah!
Am **C**
And the world was so much newer.

F
you said I have a room
C
at the top of the stairs.
Am **G**
I have a room with a view.
F **C**
I know we all have a cross that we bear
Am **G**
and Iâ€™d like to give it to you.

F **C**
And I wonâ€™t forget how the sky was set
Am **G**
I said I have a place to go back to.
F **C**
La La La I will have you yet
Am **G**
I will carry you there if I have to.

F C Am G

F C Am G

F C Am G
No I wonâ€™t forget no I wonâ€™t.

F C Am G
No I wonâ€™t forget no I wonâ€™t

F C Am G
No I wonâ€™t forget no I wonâ€™t

F C E
No I wonâ€™t forget no.

E Am
Woah Woah First Love
