

Mia

Emmy the Great

C **E** **F**
The day that we, took out a car in the rain
G **C**
Is the day you forgot how to brake
E **F**
And see, how quickly the picture will change
G **F**
Filled with fingers and voices and teeth
G **Am**
I still remember holding my hand
C **F**
Against your face just before it was splayed
G **C**
Across the radio, as it played

C

---Verse Two---

C **E** **F**
And you and me are still as the scenery moves
G
Oh, why should it stop, just 'cause
C **E** **F**
Suddenly, there's one where there used to be two,
G **F**
And everything's quiet but yo
G **Am**
Looks like the speaker lived through the blow
C **F**
Still playing some compilation you made
G **Am**
Feels like a lifetime sitting alone
C **F**
So I start humming along to the tape

---Chorus---

G **C**
I always liked this singer, I remember
E **F**
How you were the one who told me that her name
G **C**
Was either Mia or M.I.A.

C

---Bridge---

F **F**
And I am thinking,
Am
How many hours 'til I'm home?
C **F**
How long do I stay in this place?
F **Am**
Who's going to wash all the blood from my clothes?
C **F**
Who's gonna cancel my date?
F **G** **G**
Who's gonna cancel my date?
F
And I think....

---Chorus---

G **C**
I always liked this singer, I remember
E **F**
How you were the one who told me that her name
G **G**
Was either Mia...
F
Oh I think...

---Chorus---

G **C**
I always liked this singer, I remember
E **F**
How you were the one who told me that her name
G **C**
Was either Mia, or M.I.A.

C

---Verse Three---

C **E** **F**
The day that we took out a car in the rain
G **C**
I thought to myself that the sky was blue
E **F**
As I'd ever seen it but yet
G
Still tainted with red.....
