

The Hypnotists Son  
Emmy the Great

G

You made me fall over

C G

Then I hit my head

Em

Now I can't remember

C G

Anything that you said

Em

But I dreamed I was you

C G

And I dreamed I was dead

Em C

When I woke up, I carved your face

G

Into my bed

Em

It's like I missed all the memos

C G

And I missed the boat

Em

And a meteor shower

C G

Is heading for my throat

Em C

Bang, bang. Smack. Ouch

G

I thought romance was pretty

C G

Then you went and spoiled it

Em

Every time that I think of you

C G

Have to go to the toilet

Em

Can't tell if this is love

C G

Or a stomach disorder

Em

Or a massive grade A typhoon

C G

Inside my aorta

Em

And I want to jump in it

C G

Wanna give it a voice

Wanna cut to the finish  
 C G  
 Deny your lizards for boys  
 Em  
 And you dont know paranoia  
 C G  
 Till it bites you in the balls  
 Em  
 Till somebody is under a bus  
 C G  
 Cos he hasn't called  
 Em  
 Cos I think that you are leaving  
 C G  
 Before you've arrived  
 Em  
 Need to know that you're breathing  
 C G  
 And you know youre alive  
 Em C  
 Oh Bang, bang. Smack. Ouch.  
 G  
 I cant shake this feeling  
 C G  
 That Im down on my luck  
 Em  
 Youre an animated anvil  
 C G  
 And Im an animated duck  
 Em  
 That they worlds made of numbers  
 C G  
 And I am a three  
 Em  
 And you are nine hundred and eight  
 C G  
 And youre sitting on me  
 Em  
 That Im single cell matter  
 C G  
 And you are the sea  
 Em  
 But Im evolution  
 C G  
 Finally  
 Em C G  
 Because I didnt know who I was before  
 Em  
 Now my mind is wide open  
 C G  
 But my body is old  
 Em C

Bang, bang. Smack. Ouch.
