Emmy the Great - The Woods

capo 2nd

G **C**
December came faster than most
D **G** **G/F#**
And before we knew it, it was cold
Em **C**
And you turned to me
D **G** **C** **G**
As if to say that we should not have come this way
G **G/F#** **Em** **C** **D** **G**
You didn't ask a question, so I had no reply

G **C**
And we came upon a congregation
D **G** **G/F#**
And we turned our faces to the constellation
Em **C** **D** **G**
Singing we are both believers now
G **C** **G**
But still there was no voice in the clouds
G **G/F#** **Em**
You see, the stars are not our conscience
C **D** **G**
They are just another light in our eyes
Em
In our eyes
C **D** **G**
They are just another light keeping us blind

G **C**
Long time I have left Umeah
D **G** **G/F#**
Long time travelled in your company
Em **C** **D** **G**
But I see the road before us is split
G **C** **G**
And I know that I should follow it
G **G/F#** **Em**
But I know that I will find you
C **D** **G**
When the morning spreads its breath across the night
Em
Find you
C **D** **G**
