

**We Almost Had A Baby**

**Emmy the Great**

**C** **Am**  
well you didn't stop, when i told you to stop  
**Dm** **G**  
and there was a month when i wasn't sure  
**C**  
if the next time i saw you  
**Am**  
out on the road

**Dm**  
i'd have something to say, other than pay  
**G**  
all of the money that you owe.

**F**  
and i would have liked to  
**C**  
to have something above you  
**Am**  
to have something to hold  
**G**  
and know i could choose to let it grow

**F**  
and i would have called you  
**C**  
and i'd have said hey  
**Am**  
you know i'm in control and i'll let you know  
**G**  
if you have to come and choose a name

**C**  
Well, I am a woman  
**Am**  
well you know I am a woman  
**Dm**  
But before I met you  
**G**  
I was only a kid

**C**

You know there were moments

**Am**

When you thought you would break me

**Dm**

But you wanted to take me

**G**

So you did.

**Am**

and i will think of you

**F**

now that we are apart

**G**

i put my hand across my gut

**C**

i plan to feed it with a heart

**Am**

i m not the girl that you remember

**F**

from the start

**G**

i was only a baby

**G**

now i am what you made me

**C**

**Am**

(Oooh ahh ahh)

**Dm**

**G**

(Ahhh ah ah, ah ah aaaaah)

(x2)

**Am**

and i will think of you

**F**

now that we are apart

**G**

i put my hand across my gut

**C**

i plan to feed it with a heart

**Am**

i m not the girl that you remember

**F**

from the start

**G**

i was only a baby

**G**

now i am what you made me

**F**

**G**

and once you left me in the spring

**C**

**Am**

and twice you left in fall

**F**

and once i tried

**G**

to make a life

**C**

**Am**

to keep myself in yours

**F**

do you think of me

**G**

when you are playing

**C**

**Am**

the one and five in four

**F**

is country music

**G**

what your life is for?

**C**

we almost had a baby
