There is a way that subtle changes come to stay

F# Bbm

Barely noticed, hardly known

C# Bbm

One day you ll say my situation s locked away

F# Bbm

But by tomorrow you re all alone

C# F# Bbm

It seems so sudden, but it s not, it s only grown

C# G# F#

Bbm

From a seed that long ago was left forgotten in the snow

C# F# Bbm

And has a way with slow surprises all its own

C# Bbm

It s hard to show, but like a boulder rollin slow

F# Bbm

Or a rumble deep in the ground

C# Bbm

Things whisper low and by the time I really know

F# Bbm

What s been movin they ve settled down

C# F# Bbm

Too late to see the way they shift around

C# G# F# Bbm

Too late to say there s bound to be another way

C# F# Bbm

It s all been said and done without a sound

C# G# F# Bbm C# F# Bbm

C# Bbm

This comes to me, and now that I begin to see

F# Bbm

It s not dramatic, it s nothing grand

C# Bbm

I used to be half of the whole of you and me

F# Bbm

Now I m the limit of all I am

C# F# Bbm

It seems so simple, nothin much to under stand

C# G# F#

Bbm

You walked out and closed the door, said I don t live here anymore Am

C#

F#

Bbm

And now nothin s hangin heavy in my hands

C#

F#

Bbm

Now nothin s hangin heavy in my hands

C#

Bbm

In my hand in my hands

F#

Bbm

Nothin s hanging heavy in my hands
