

Someone Like You

Emmylou Harris

Someone Like You

Bb **F** **D#** **F**
Others have touched me soft in the night
Bb **F** **D#** **F**
Others have kissed me and held me tight
D# **Bb** **F**
Good times and lovers, yes, I ve had a few
Bb **F** **D#** **F** **Bb**
But I was just waiting for someone like you

I have been lonely and I have been loved
I ve grown used to losing what I m fondest of
I can see clearly now my whole life through
I was just waiting for someone like you

D# **Bb**
But I never wasted a minute of my time
D# **Bb** **F**
Every road I ever took led me to your side

Don t it seem funny, love that I never knew
I was just waiting for someone like you
I was just waiting, I was just waiting
For someone like you
