

**Hayley
Empires**

Song: Hayley
Artist: Empires

Tuning: Standard

	A	E	Bm	F#m
E	---5---0---2---2---			
B	---5---0---3---2---			
G	---6---1---4---2---			
D	---7---2---4---4---			
A	---7---2---2---4---			
E	---5---0---x---2---			

*Note: This song can also be played with a capo on the 2nd fret. The chord shapes would then be G (instead of A), D (instead of E), Am (instead of Bm), and Em (instead of F#m).

The strumming pattern is mostly up-strums, with a palm-muted down-strum after every other up-strum. But it sounds fine if you do the whole thing up-strumming as well.

Chorus x2:

A		E
Hayley, it doesn't even matter now		
	Bm	F#m E
We could've truly had it all		

Verse x1:

A		E
They took him to the hills where they made him a star		
	Bm	
Everyone loved who they knew from afar		
	F#m	
They fated a deceiver, who wed a believer		
E		A
With her fed, she conceived his little girl		
	E	
Who oppressed called in danger		
Torched his eyes with her anger		
Bm		
All the flashes captured daddy's dismay		
F#m		E
And she took her life before she could run away		

Repeat Chorus x1

Verse x1:

A **E**
I went there, to the site they had said she would be
BmToo cold a world for a girl seventeen
F#m
I couldn't complete it, they wouldn't foresee it
E **A**
Love is now where her life couldn't be
E
Oh, believe it can happen

Death is time's true companion
Bm
And the future takes a second to be
F#m **E**
Close your eyes and feel what is happening

Repeat Chorus x2

Out:

A **E**
Hayley, the dark world took you under
Bm
Whatever made you wonder?
F#m **E**
Whatever made you wonder?

End on **A**.

The lyrics aren't 100%, as far as I know, but you can at least get a feel for the timing.
