

**As Surely As The Dawn**

**Emu Music**

[Verse 1]

**G**      **C**                          **D**  
As surely as the dawn will come  
                  **G**          **C**  
as certain as the day  
                  **D**                          **G**  
there s comfort for the weary  
          **C**                          **D**  
hope for all who stray.

**G**      **C**                          **D**  
The father holds His arms out wide  
                  **G**          **C**  
and bids the sinner come  
                  **D**                          **G**  
find shelter in the storm  
          **C**                          **G**  
as certain as the day  
          **D7**                          **G**  
as surely as the dawn.

[Verse 2]

**G**      **C**                          **D**  
As surely as the dawn will come  
                  **G**          **C**  
it was for me he died  
                  **D**                          **G**  
my hands drove in the nails  
          **C**                          **D**  
my selfishness, my pride.

**G**      **C**                          **D**  
And though my heart is black with sin  
                  **G**                          **C**  
the morning light breaks through  
          **D**                          **G**  
and hope has been reborn  
          **C**                          **G**  
for mercy comes anew  
          **D7**                          **G**  
as surely as the dawn

[Verse 3]

**G**      **C**                          **D**  
As surely as the dawn will come

we ll rise to meet new life  
redemption s price is paid  
God s wrath is satisfied.

Now kindness is the air we breathe  
forgiveness, grace will come  
anew to us each morn  
as certain as the day  
as surely as the dawn.
