 A big pain inside
 Wait for a replacement
 In the city of broken thoughts
[Chorus]
So shine a light and bury the hours
When everything is said and we ve got nothing to say
Waiting for the hies of the day
 So shine on never bury the flowers
We ll be livin on in the dreams of yesterday
It s all we can t fail

I see the games of the wicked play
 People speak without a face
 I have to leave without a trace

 I ll leave today let the morning behind
The wicked playing in all their light
Hear the sound of the newborn day

Waiting for the hies of the day
 So shine on never bury the flowers
We ll be livin on in the dreams of yesterday
