

**A Man Without Love**  
**Engelbert Humperdinck**

[Verse 1]

**D**            **Bm**            **Fm**    **D**                    **Em**  
I can remember when we walked together;  
                         **A7**                                    **D**  
sharing a love I thought would last forever  
                         **Bm**            **Fm**            **D**                    **Em**  
Moonlight to show the way so we can follow,  
                         **A7**                                    **D**  
waiting inside her eyes was my tomorrow  
                         **Bm**                    **D**            **Fm**                    **Em**  
Then something changed her mind, her kisses told me  
                         **A7**            **A7**            **A7**            **A7**  
I had no loving arms, to hold me.. me

[Chorus]

**D**                                    **A**  
Every day I wake up, then I start to break up,  
**Em**                                    **G**  
lonely is a man without love  
**Fm**                                    **Em**  
Every day I start out, then I cry my heart out,  
**A**                                    **D**  
lonely is a man without love  
**D**                                    **A**  
Every day I wake up, then I start to break up  
**Em**                                    **G**  
Knowing that it s cloudy above  
**Fm**                                    **Em**  
Every day I start out, then I cry my heart out,  
**A**                                    **D**  
lonely is a man without love

[Verse 2]

**D**            **Bm**            **Fm**    **D**                    **Em**  
I cannot face this world that s fallen down on me  
                         **A7**                                    **D**  
So, if you see my girl please send her home to me  
**D**            **Bm**            **Fm**            **D**  
Tell her about my heart that s slowly  
**Em**  
dying;  
                         **A7**                    **A7**                    **A7**            **A7**

Say I can't stop myself from... crying.

[Chorus] (x2)

**D** **A**  
Every day I wake up, then I start to break up,  
**Em** **G**  
lonely is a man without love  
**Fm** **Em**  
Every day I start out, then I cry my heart out,  
**A** **D**  
lonely is a man without love  
**D** **A**  
Every day I wake up, then I start to break up  
**Em** **G**  
Knowing that it's cloudy above  
**Fm** **Em**  
Every day I start out, then I cry my heart out,  
**A** **D**  
lonely is a man without love
