        C,C9-C,C9-Am,Asus4-C,C, pause

 C   **Am**   **Em**
Some men only want power, let them have it
F   **G**   **C,C9-C,C9,**
We all have our reasons for wanting to survive.
 C   **Am**   **Em**
Just give them a chance and they ll grab it,
         F   **G**
God only knows how much is enough
                 C,C9-C,C9,
To keep them satisfied.

   Am   **G**   **F**   **Am**
Now, I don t need their money
                          G   **F**
 Cause I don t see the world the way they do (woh, no)
   G   **G#dim**
And I don t what they re in it for
   Am   **D**
Or what they re dreaming of.

```
                   F                          G
I m in it for you, you re in it for me
                    C,C9-C,C, (pause)
We re in it for love.

C                        Am               Em
Some fools want the glory, how they crave it,
                     F                G
From my point of view, they re only pris ners
          C          C,C9-C,C9
of their own desires.
C                        Am               Em
Don t give it to me, they can have it
                    F                G
 Cause darling, I found my paradise
              C         C,C9-C,C9,
Within your loving eyes.

        Am        G     F     Am
Well, you may never see me
                    G                    F
Staring from the front page of a magazine (woh, no)
       G                   G#dim
 Cause I don t wanna be a big star
      Am                    D
In a world of push and shove.
                   F                          G
I m in it for you, you re in it for me
                    C,C9-Am,Asus4-
We re in it for love.
                   F                          G
I m in it for you, you re in it for me
                    C,C9-C,C,
We re in it for love.

Ad lib: C-Am-Em-
         F-G-C-C,C9-C,C9,

     Am        G            F    Am
Now, I don t need their money
                        G        F
 Cause I don t see the world the way they do
    G                 G#dim
And I believe that love,
              Am                     D
It s what the whole world needs, more love.

We re in it for love.
                  F                        G
I m in it for you, you re in it for me
