

Say It

Enrique Iglesias

This is, surprise surprise, another ballad off Enrique's pretty lame follow up to escape, 7, which hardly anyone has bought. It reminds me of 4 Non Blondes what's up and Duran Duran's ordinary world... it's easy enough to just strum your way through when bored...

Don t tell me,  
If there is someone else inside you,  
Doing all the things that i do,  
Coz i don t want to hear,

Just take me,  
Don t want to feel no-more resistance  
No we don t have to go the distance,  
Cause we re already there,

Yes i know i wasn t perfect when i ran and lied all those times,  
But the passion that we have is too strong, to give up the fight!

If you really want to let me go  
Coz i don t believe, you know i don t,  
Won t you tell me the truth,
