Lazy Days
Enya

The best way to play this is with a capo on the 1st fret. It sounds great with
a 12 string!
I will list mandolin/original chords at the bottom.

Intro (Capo 1): **D   Am7   G   Am7   D   Am7   G** repeat
Those same chords play the same way throughout the verses and chorus

D   Am7
Lazy old day

G   Am7 D
Rolling away

D   Am7 G
Dreaming the day away
Don t want to go
Now that I m in the flow
Crazy amazing day

One red balloon
Floats to the moon
Just let it fly away
I only know
That I m longing to go
Back to my lazy day

G   Bm   A   D
And how it sings and how it sighs
     G   Bm   A
And how it never stays

    Bm   A   D
And how it rings and how it cries

       G   Bm   A
And how it sails away...
away... away....
