COMBO ON THE RUN

INTRO: Cm7--(break)

Cm7

(Hey!) We took a trip by boat
Into the promised land
To sing a different note
Man I don't understand
We wanted their attention
Our balls went up so high
They wanted too much Poison
And Warrant's Cherry Pie

F G#,G

It's a crying, crying,

Cm7 Cm7-break

crying shame

Cm7

We didn't have no dough
We didn't have no clue
We lived a life of kings
Dined on some royal stew
We felt like shitty rockstars
Our pictures on the wall
We're Robby's pekaloids
Running silly down the hall

CHORUS:

F

I wanna go home now

G

Back to my old hometown

F

Where I can sing the blues

G break

Let's stop this running
around

F

I miss the people dancing
G break
I m (just) saying this,
But, baby you can bet your puwet
I ll do it again some time for
the money

Cm7

Combo on the run, yeh!
(Git-git-git-git-guitar!)

AD LIB: Cm7----
