

Shadow

Eraserheads

C# **Ebm**
Shadow in my friend
 C# **Ebm**
He ll be with me till the end
 C# **Ebm**
I don t have to make amends
 C# **Ebm**
Like that river round the bend.

F# **Fm**
He won t let me down
 Ebm **B** **Bbm**
Just chase me around
 Ebm **F#**
He won t get on my nerves
 Ebm **G#** hold
If it gets any worse.

(1st verse chords)
People are so strange
Everybody is deranged
Everytime I try to speak
They don t get it for a week.

F# **Fm**
I ll get out of bed
 B **Bbm**
Sing songs in my head
 Ebm **F#**
I ll wait for the sun
 Ebm **F#**
To shine on the one
 Ebm **F#**
Who never disagrees
 Ebm **F#**
And likes everything he sees
 Ebm **F#**
Let s go for a ride
 Ebm **G#** hold
The road is long and wide.
