on a stake and burn

I saw it comin around, yeah
A **E**
I saw it comin around
D **Dm7**
So I just, yeah
Shook my head and walked
A-D/E-A-D/E
away.

[Verse]

(Do 1st stanza chords)
I grew up, in a town
Where everybody tried to push
me around
The girls were alright, but
the guys were tough
They re always buggin me with
macho stuff
Well, I ain t no stupid
fighter, I go for flower
power
I ve been running every race
just to save my face, yeh
(Repeat Refrain)

[Bridge]

F#m D7
Well, they try to see if you
care
E A
It s just a matter of not
begging for more
F#m D7
You know it s really suicidal
to just give in
E E--
With people you can never
really be sure--
(break) **A**
O-hoh when it gets down to this

[Verse]

(Do 1st stanza chords)
They ll eat you up
When the words get in your head
They ll get you up
It s a saving grace to have
enough
When you find yourself in a
compromising spot
You should know, you shouldn t
take
All that dog food that they
make
You d just as soon as put
yourself on a stake and burn

[Refrain 2]

A E
You ll see it comin around,
F#m D

You ll see it coming, comin
around,

A E D Dm7

When you see it coming around,
you just, yeah
