

**Bm** **D**  
 He s hungry for somethin that he just can t define  
**G** **Em**  
 The one by the sink is now sweeping the floor  
**A**  
 And the cop he ran short of dreams a long time before  
**D** **D/C#**  
 While under a street lamp there s trouble it seems  
**Bm** **D**  
 First there s a struggle and then there s a scream  
**G** **Em**  
 She didn t know what hit her when he asked for a light  
**A** **Bm**  
 And there s trouble in Paris tonight  
**D** **D/C#**  
 Simone had been a town girl not far north of Nantes  
**Bm** **D**  
 Who did it for money once then she just couldn t stop  
**G** **Em**  
 Had a fight with her mother another runaway teen  
**A**  
 Who had hotel love with a cop on the Rue St. Denis  
**D** **D/C#**  
 And a boy once abandoned by a cop and a whore  
**Bm** **D**  
 Has a knife in his hands he was a child of the war  
**G** **Em**  
 It was either Simone or cut out the lights  
**A** **Bm**  
 And there s trouble in Paris tonight  
**D** **D/C#**  
 There s a blue shadow moving through the Moulin Rouge  
**Bm** **D**  
 And a man with a knife point pickin his teeth  
**G** **Em**  
 An off duty cop sits with his back to the door  
**A**  
 And somebody just took a piss in the sink  
**D** **D/C#**  
 While somebody s standin out cold in the rain  
**Bm** **D**  
 Could be all warm inside drinking champagne  
**G** **Em**  
 Bein thin as a shadow smokin under a light  
**A** **Bm**  
 And there s trouble in Paris tonight  
**G** **Em**  
 Bein thin as a shadow smokin under a light  
**A** **Bm**  
 And there s trouble in Paris tonight
