We had it in the air, but just couldn t land it.

[Verse]

C **C/E**
It s the first snap of the last straw,
F **G**
where regrets outlast the alcohol.
C **C/E**
It s a cold sweat in an empty bed,
F **G**
and dreams are like a knife when you re hangin by a thread.
Am **G** **F** **G**
It ain t no maybe, we can make it if we just play the right cards.

[Chorus]

C **G**

C **G**
Wish we could do it over. Damn it baby, damn it.
F **G**
We had it in the air, but just couldn t land it.

[Verse]

C **C/E**
It s a white flag, it s a stop sign.
F **G**
It s the last long drag on a Marlboro light.
C **C/E**
It s a long night of beating up the past,
F **G**
knowing the first light is gonna hit you back.
Am **G** **F** **G**

This ain't no gone for good drill or no goodbye false alarm.

Yeah, so...
