

**Broken Down**  
**Eric Clapton**

**Em**        **D/F#**        **G7**        **Am7**  
Everything was wonderful  
**Cmaj7**    **D**        **Em**  
When you were in my life  
**Em**        **D/F#**        **G7**        **Am7**  
Yesterday we were on a roll, baby,  
**Cmaj7**    **D**        **Em**  
But then we end up in a fight  
**Em**        **D/F#**        **G7**        **Am7**  
Everywhere I look I see problems  
**Cmaj7**    **D**        **Em**  
Where I've never seen before  
**Em**        **D/F#**        **G7**        **Am7**  
The cracks in the sidewalk when I get home  
**Cmaj7**    **D**        **Em**  
My key don't even fit the door

**A5**        **G5**        **Am**  
The moon don't shine (it's broken down)  
**Em**        **G5**        **A5**        **Em**  
The clouds are cry'n' (they're broken down)  
**A5**        **G5**        **Am**  
The car won't start (it's broken down)  
**Em**        **G5**        **A5**        **Em**  
And this shattered heart (it's broken down)  
**A5**        **G5**        **Am**  
My whole damn world (is broken down)  
**Em**        **G5**        **A5**        **Em**  
Since you left me girl (I've broken down)  
**A5**        **G5**        **Am**  
Said my whole damn world (is broken down)  
**Em**        **G5**        **A5**        **Em**  
Since you left me girl (I've broken down)

**Em**        **D/F#**        **G7**        **Am7**  
Stepped outside into the night  
**Cmaj7**    **D**        **Em**  
I took a walk around the block  
**Em**        **D/F#**        **G7**        **Am7**  
I stopped by the church that I used to go inside  
**Cmaj7**    **D**        **Em**  
But even that door was locked  
**Em**        **D/F#**        **G7**        **Am7**  
So I came back home feeling so alone  
**Cmaj7**    **D**        **Em**

A light had burned out in the hall

**Em            D/F#            G7            Am7**

My tv's broke, said I'm out of smoke

**Cmaj7    D            Em**

There's no one I can even call
