

Deserted Cities Of The Night
Eric Clapton

E7/D **D#7/C#**
Upon this street where time has died.
D7/C **E**
The golden treat you never tried.
E7/D **D#7/C#**
In times of old, in days gone by.
D7/C **E**
If I could catch your dancing eye.

A **G**
It was on the way,
F **E**
On the road to dreams, yeah.
F# **F** **E**
Now my heart s drowned in your love streams, yeah.

The street is cold, its trees are gone.
The story s told the dark has won.
Once we set sail to catch your star.
We had to fail, it was too far.

Chorus

(G A F)2x E

I felt the wind shout like a drum.
It said, My friend, love s end has come.
It couldn t last, had to stop.
You drained it all to the last drop.

Chorus

F# **F** **E**
Now my heart s drowned in your love streams

(Guitar Solo)

E7/D D#7/C# D7/C E

F# F E

(G A F)2x E

On this dark street it s cold inside.
There s no retreat from time that s died.
On this dark street the sun is black.
The winter life is coming back.

It was on the way,
On the road to dreams, yeah.
Now my heart s drowned in your love streams,
yeah, yeah, yeah, yeah, yeah, yeah, yeah.
Now my heart s drowned in your love streams, yeah.
Now my heart s drowned in your love.
