

Gotta Get Over
Eric Clapton

Verse 1:

A
Can you feel a wind blowing
A
Got me talking to myself
A
One more day, one more truth, got to find out where
A
Feel the flow of the river taking me there
A
Good Lord only get you so far,
A
Then you got to help yourself
F#m **E** **A**
I don't need no reason, reason to hang my head

A **G**
Cause I gotta get over
C **D**
Get on over to the good side
 A **G**
Lord I gotta get over
C **D**
Get over, you get a lil' closer
 A **G**
I gotta get over
C **D**
Getting closer to the good side
 A **G**
Gotta get over
C **D**
Getting over, over

Verse 2:

I've been breaking like the waves upon the sand
You know I need some fortitude, gonna keep it close at hand

And I gotta shake it if I m gonna break it on down the line
Ain t nobody can help me if I stay helpless all the time
You know I got this feeling, feeling on my mind

I gotta get over
Get on over to the good side
Gotta get over
Help me get a little closer
I gotta get over
Getting closer to the good side
Lord I gotta get over,
Getting over, over
