Ebm
Without wishing to cause you any pain,
Bbm
I got to push on through, babe,
Ebm
And if I take the chance of seeing you again,
Bbm
I just don t know what I would do, baby.

Ebm
And sometimes I think I m gonna be just fine;
Bbm
All I got to do is go through it, babe.
Ebm
Then I hear those voices in the back of my mind,
Bbm
Telling me over and over and over that I blew it babe.

Ebm
You had one chance and you blew it.
Bbm
You may never get another chance.
Ebm
You had the floor and you knew it.
Bbm
You can t blame it on your circumstance.

Ebm
At the risk of causing you a little pain,
Bbm
I m going to have to forget you, babe,
Ebm
Cause you broke my heart, left it out in the rain
Bbm
And you d do the same again if I let you, babe.

Ebm

I would give anything to hold you in my arms,

Bbm

But you know I can't do that, baby.

Ebm

I guess I'll have to live with the choice that I have made

Bbm

Even though deep down I still suspect that I blew it.

You had one chance and you blew it.

You may never get another chance.
