You always know just what to do

My love will always guide me home G A Dm F

My pretty girl

Pretty girl, hear what I have to say
It's something you should know

You brought me sunshine on my darkest day
That's why I love you so

And when my wandering day is through
I'll always hurry back home to you

My love will always guide me home

My pretty girl, oh pretty girl
My pretty girl, oh pretty girl....
