Verse: **Em7 C9 G D**

If you had any idea what it was gonna take
Would you have gotten started in the first place
All these commitments youâ€™ve made
They keep on adding up
Because you got addicted from the first taste

Em7 C9 G D

Ooooh, nobody wonders
Nobody really cares
Ooooh, about your intentions
Until you gotten there

Chorus:

C G D

Oooo, when you started out, you were just a blank space

C G D

You started out, you were just an ordinary face

C G D C Am

You started out, now youâ€™ve got to finish what youve done

D C G D

Isnâ€™t that why you started in the first place, Started in the first place

If you had ever believed
That you were gonna break
Would you have gotten going in the first place
All these decisions it takes
To get you through the day
With no one even noticing your heart break

Ooooh, are you alone yes
Are you in trouble no
Ooooh, peopleâ€™s opinions
They tend to come and go

C G D

Oooo, when you started out, you were just a blank space

C G D

You started out, you were just an ordinary face

C G D C Am

You started out, now you've got to finish what you've done

D C G D

Isn't that why you started in the first place, Started in the first place

How do you know

When you're finally done

If you've got nothing to show

How do you know

When all the people you might trust

All forget to let you know

Oooh

Oooo, when you started out, you were just a blank space

You started out, you were just an ordinary face

You started out, now you've got to finish what you've done

Isn't the why you started in the first place

Started in the first place

Can you remember at the start

Can you remember trying your first shot

Can you remember wanting to be there

Can you remember wanting to be there

Do you know why you started in the first place

Do you know why you started in the first place

In the first place

Started in the first place

Started in the first place
