Turninâ€™ It Out

When your love comes tumblin down 
You know I ll still be around 
And when your love it comes undone
 I ll still be the one 

**A,B,D **

We ll be makin , makin somethin out of it
 Turnin it out, that s all I can do 
Makin , makin somethin out of it
 Turnin it out, that s all I can do 

A,C,F#m

 All I can do now, all I can say
 Our love is here to stay 
So don t worry bout the past, baby 
Our love will always last 

**A,B,D **

We ll be makin , makin somethin out of it 
Turnin it out, that s all I can do
 Makin , makin somethin out of it 
Turnin it out, that s all I can do  

You always know I ll be around 
When your love comes tumblin down 
When your love it comes undone
 I ll still be the one
  
And we ll be makin , makin somethin out of it 
Turnin it out, that s all I can do 
Makin , makin somethin out of it 
Turnin it out, that s all I can do  
We ll be makin , makin somethin out of it 
Turnin it out, that s all I can do 
We ll be makin love baby, makin love
 Turnin it out, that s all I can do
