Now all I need are few last words before you say you're done
[Chorus]
G
                                D
If you're scared to walk alone take my hand
If you re scared it just won't work I understand
And I promise we ll survive on love and trust
                              Cadd9 D
and if you're scared to fall in love that makes two of us
[Verse]
I know you feel it like I do

And I know if you made up your mind there's no stopping You
Just talk to me and tell me what you're feelin tell me how to make it right
                                                        Cadd9
