=====

**Em** **G**  
Love, not what we thought it'd be

**C** **Am** **D(no5)**  
But the lives we thought we'd lead are gone and we're alone

**Em** **G**  
Oh love, you took all our pictures down

**C** **Am** **D(no5)**  
And now I'm faced with the empty sound of you not coming home

**Em** **C** **D(no5)**  
Seems like we're better off, we're better off alone

**C** **Am**  
We're better off in different lives

**C** **Em**  
Better off in different lives

**F** **G** **F** **G**  
It's time to move on, it's nobody's fault

**C**  
You know we're better off in different lives

**Em** **G**  
Love, we thought we could reconcile

**C** **Am** **D(no5)**  
The differences that we hide but that we can't ignore

**Em** **G**  
Oh love, it never got easier

**C** **Am** **D(no5)**  
And now I can't even breathe when we're together any more

**Em**          **C**                  **D(no5)**  
Seems like we re better off, we re better off alone  
          **C**  **Am**  
We re better off in different lives  
**C**  **Em**

          **F**                  **G**          **F**          **G**

**F**  **C5**  
So I gave you back your keys  
  **G(2)**  
  Cause I can t unlock this door  
                          **Am**  
And I told you everything  
  **C**  
Sucked our lives up off the floor  
  **D(no5)**  
And now I m finally sure

**C**  **Am**  
We re better off in different lives  
**C**  **Em**  
Better off in different lives  
          **F**                  **G**          **F**          **G**
