

**Pretty Girl**  
**Ernie Halter**

First tab, its not the exact version, but sounds great. Capo on 2nd fret, or third if you want.

**G** **C**  
Most girls wish that they had your eyes  
**G** **C**  
And boys secretly fantasize  
**G** **C** **Am** **C**  
Who me? I am just mesmerized by your every word and movement  
**G** **C** **G**  
You are close as a girl can be to ideal  
**G** **C**  
Somehow you disagree  
**G**  
The whole world sees perfection  
**C** **Am** **C**  
But all you see is room for more improvement

Chorus:

**G**  
Silly girl, pretty girl  
**C**  
Do you not see?  
**G** **C**  
What a spell your sweet love has cast on me  
**Am**  
Girl I pray it never will  
**Am** **C**  
This trance be broken  
**G** **C**  
I melt in your mouth when you talk to me  
**G** **C**  
I want to kiss you so slow so sweet  
**G** **C**  
You are a book that I want to read  
**Am** **C**  
Embrace cover to cover  
  
**G**  
Girl you re so deep inside  
**C**  
You re my DNA  
**G**  
You re how tall I am  
**C**  
You re how much I weigh  
**G** **C**

You re the reason that someone had penned the phrase

**Am** **C**

To know her is to love her

**C**

And I love her

CHORUS

**D** **A**

Everything you do is from some movie scene

**D** **A**

Every pose you strike is from some magazine

**Am** **G**

I want to turn your pages

CHORUS

**Am** **C-----G**

Oh girl I pray, it never will, this trance be broken
