World Around Me
Escape the Fate

```
Cm                                G
I m not trying to bring you down
                         Cm
But you re lost in the clouds
                          G#
I ve never been one to complain
            D#              G
But you re world around me kills me softly

G#
I don t wanna be demanding
D#                          G
I just wanna know the reasons why
                           Cm
We live and die in a world of lies
G#
Addicted to the way we crash and burn
D#
I gave it all away now it s your turn
G
Watching me watching you

Don t wanna see the worst in you

So don t let it come true
Cm
Coming true, coming true, coming true, coming true

Coming true, coming true, coming true, coming true

Cm                                G
Tore me down and made it clear
                          Cm
As I sunk to the bottom
                            G#
I stare at space from the ocean floor
         D#              G
It all surrounds me kills me softly

G#
I don t wanna be demanding
D#                              G
I just wanna know the reasons why
                           Cm
We live and die in a world of lies
G#
Addicted to the way we crash and burn
```

D#
I gave it all away now it s your turn
G
Watching me watching you

Don t wanna see the worst in you

So don t let it come true
Cm
Coming true, coming true, coming true, coming true

Coming true, coming true, coming true, coming true

Cm
This woman tores me through shadows
G
In a presence of light
Cm
I m reaching out my hands
G
With my fingers to the sky
G#
So tell me what I have to do
I don t wanna tell you to
D#
I just wanna be with you

I just wanna make it through
G
I just wanna make it through this life

Yeah, yeah
Cm
Just wanna, just wanna, just wanna, I just wanna

Just wanna, just wanna, just wanna, I just wanna

Just wanna, just wanna, just wanna, I just wanna

Just wanna, just wanna, just wanna, make it through this life

G#
I don t wanna be demanding
D#   **G**
I just wanna know the reasons why
                                  Cm
We live and die in a world of lies
G#
Addicted to the way we crash and burn
D#
I gave it all away now it s your turn
G
Watching me watching you

Don t wanna see the worst in you
