**C** **Bb**  
Did it ever cross your mind  
**F** **C**  
to leave the world behind  
take a walk with friends  
**Bb** **F**  
no longer alive

**C** **Bb**  
When the days they pass you by  
**F**  
like the clouds run through the sky  
**C**  
you re in your heart  
**Bb** **F**  
still wondering why

**C**  
No more playgrounds  
**Bb** **F**  
no more laughter in the sun  
**C**  
Hard times will come  
**Bb** **F**  
marching feet and men with guns  
**C**  
this time we need  
**Bb** **F**  
angels to protect our homes.  
**C** **Bb** **F**  
One for every house

**C**  
No more playgrounds  
**Bb** **F**  
no more laughter in the sun  
**C**  
Hard times will come  
**Bb** **F**  
marching feet and men with guns  
**C**

this time we need

**Bb** **F**

loving to protect our souls.

**C** **Bb** **F**

One for every man
