**D**

you and j s been sitting by the roadside

**G**

for far too long, in this little town

**D**

seems your plan of leaving left you both behind

**G**

your wings are strong, you re still on the ground

**D**

seconds, Hours, minutes they all pass you by

**G**

above your heads, still an empty sky

**D**

shining shoes or working mines, is not your favourite waste of time

**G**

and never what you had in mind

**D**

gonna have to move on

**C9**

or else your life will be gone

**G/B**

don t set your level too high

**D**

just lower the line of the sky

**D**

gonna have to move on

**C9**

or else your life will be gone

**G/B**

don t set your level too high

**D**

just lower the line of the sky

Fig1 x1

**D**

you missed the bus that never had a stop in your town

**G**

seems it let you down, never came around

**D**

no one you knew ever left this place alive

**G**

became husbands and wives, no matter how they strived

**D**

seconds, hours, minutes they all pass you by

**G**

and above your heads, still an empty sky

**D**

shining shoes or working mines, is not your favourite waste of time

**G**

and never what you had in mind

**D**

gonna have to move on

**C9**

or else your life will be gone

**G/B**

don t set your level too high

**D**

just lower the line of the sky

**D**

gonna have to move on

**C9**

or else your life will be gone

**G/B**

don t set your level too high

**D**

just lower the line of the sky
