Try finding somewhere else this chords... you won t find it anywhere else... it s amazing! but nobody had put the time on tabbing this song.. I don t know why??? It s one of the best songs I ve ever heard... anyway... this won t be the last time you hear about me tabbing some Espen Lind. What a great artist!!

This version is pretty much the same as the original version, but has a different intro. And some minimum changes in the lyrics.
