D5: XX023X and D2: XX0230, or you can play a regular D major and it sounds fine. The D5 and D2 reflect the accented notes that (I think) a second guitar plays. I've tried to explain this at the bottom. If you don't want to go to all that hassle, just strum a D chord and occasionally lift your finger off the e-string.

A E D5 D2 x2

A E D5 D2
Sin city Please don't take
A E D5 D2
My lover's heart, for mine will break
A E D5 D2
It's no Pittsburg Please don't go
A E D5 D2

A E D5 D2 repeat

Notes:

Here s how I play the chords with one guitar and sound reasonably like the recording. Pluck the notes under the ^ symbol, strum down \, strum up /.
