El punteo del principio

-Intro-

2. /-----/
3. /-----/
4. /-----4---4-3-2---2-4-2-----/
5. /---2---2-5-----2-0-2-/
6. /-----/

Luego se repite el punteo pero con acordes, los cuales son:

Bm F#m E Bm
1. /-----/
2. /-----/
3. /-----/
4. /-----4---4-3-2---2-4-2-----/
5. /---2---2-5-----2-0-2-/
6. /-----/

En los versos son los mismos acordes

Bm
Why when all was gray
F#m
it turned suddenly purple
E
when I saw you there
Bm
I guess it was your hair

Los acordes son los mismos en toda la canción

Bm
Then I saw your smile
F#m
You looked directly
E
into my eyes
Bm
I lost my head, my mind

-Puente-

Bm
Cause baby you touched me there
F#m
Cause baby I touched you here
E
Now baby I know you love
Bm
When I kiss you near your ear

Bm
And maybe we fought one day
F#m
Or maybe we threw some tears
E
But baby it feels so well
Bm
Cause it is true and sincere

-Coro-

Bm
True love It's nothing else but
F#m
true love
E
You're my one and only
Bm
true love

-Intro-

-Verso-

Bm
Now I know soon you'll leave
F#m
It's difficult
E
but also an amazing deal
Bm
For you to live my dear

Bm
And we'll be miles away

F#m
Things could be tough but
E
I will always be right there
Bm
No matter what it takes

-Puente-

-Coro-

Esta parte solo se toca un rasgueo hacia abajo por cada acorde:

Bm
I love you
F#m
and I will always love you
E
If we are miles away
Bm
I will always love you

En esta parte se empieza con el rasgueo normal

Bm
I love you,
F#m
and I will always love you
E
No matter what they say
Bm
I will always love you

Bm
I love you
F#m
and I will always love you
E
If we are miles away
Bm
I will always love...

Y finalmente se termina en la introducción
