I am your queen,

You are my strength,

you are here to guide me

A **A#** **F**

Wanna be your warrior

Break down every barrier

With my love as my weapon

Dm **C** **Dm**

I can walk the world without fear

I can hold my head high without care

A **A#** **F**

And I can fight the world

Every grudgeful one and every badminder

With your love as my weapon

Oh, oh, oh

A **A#** **F**

Them can t stop the way I feel for you

My love has no boundary

Them can t bully the way me feel

I fight for you and you fight for me

Them can t stop the way

Them wish, and them hope, and them fight, and them pray

Them can t stop this warrior love

A **B** **A** **B** **A** **B**

Living in a house without bed and a broke down fridge

I was dear, and me cook the cabbage

With things seem to go from bad to worse
A kiss from your lips seems to break the curse

A A# F

Now that we re living glorious
There s no way I forget when it was just
You and I trying hard together
Behind there is strong man
There is a good woman

Dm C Dm

That s who I live to be
You seem to be pleased with who I am
Cause you re a strongest man I ve ever seen
I m a whole lot a woman
For the very thing in love is worth
For you to have me on your mind always
You must be carrying the weight of the earth

Dm C Dm

Them can t stop the way I feel for you
My love has no boundary
Them can t bully the way
I feel, and fight for you, and you fight for me
Them can t stop the way
Them wish, and them hope, and them fight, and them pray
Them can t stop this warrior love

Dm C Dm

The love in our hearts will lead us to Jah
Make them...
And the right of correction
Will give us direction
Away from the Eden
And bless us with children

Dm C Dm

Them can t stop the way I feel for you
My love has no boundary
Them can t bully the way
I feel, and fight for you, and you fight for me
Them can t stop the way
Them wish, and them hope, and them fight, and them pray
Them can t stop this warrior love

Dm C Dm

Them can t stop the way I feel for you
My love has no boundary
Them can t bully the way
I feel, and fight...
Them can t stop the way
Them wish, and them hope, and them fight, and them pray
Them can t stop this warrior love
