

**Looking for the sun**  
**Eterna Inocencia**

MIm SOL  
walking trough the darkness  
DO RE  
trying not to cry  
MIm SOL DO RE  
i´m still going on in this way: looking for the sun

I will never stop till  
I can kiss your hands  
Oh, how i long for that day  
How i miss your eyes

MIm DO SOL RE  
30.000 people looking for the sun  
MIm DO SOL RE  
30.000 people no longer with us

But now that i know they are all gone away,  
i hope they found a better place  
cause many tortures were applied on their bodies  
yes, i know they´ve disappeared  
but i only try to reach  
the day when i can meet them again...

Many years have passed by  
and i still have no news  
but murderers walk among us  
and the eternal pain  
i think about your tears  
i think about your eyes  
and i just can´t imagine  
what they´ve done to you!  
but now that i know that you´re gone  
i hope you´d found a better place  
but i only wanna kiss your face!

This is not a cause  
this is a consequence of this system  
that´s been raped day by day  
by the ones that tortured you and me!  
so i´m still going on this way  
yes i´ll try to kiss your face  
even knowing i won´t see you again...
