

Wind And Windows  
Eux Autres

**C**

window needs a dressing and  
the roster needs your blessing

**E**

**F**

and still I can believe itâ€™s temporary

**C**

when you cross the doorway  
we will reach our former glory

**E**

if you plan to confess

**F**

**Fm**

whoâ€™s been bleeding on your ceiling

**G**

Iâ€™m right

**F**

**G**

did she promise you that sheâ€™d need no life

**F**

**E**

do you think sheâ€™d make an understanding wife

**F**

**Fm**

always breathing through a straw

**C**

lightening strikes the chorus  
if itâ€™s frightening theyâ€™ll ignore us

**E**

**F**

on deaf ears itâ€™ll fall, wind and windows

**C**

every waking hour is a countdown

**E**

until I roll into bed

**F**

**Fm**

itâ€™s a blessing, second guessing

**G**

Iâ€™m right

**F**

**G**

did she promise you that sheâ€™d need no life

**F**

**E**

do you think sheâ€™d make an understanding wife

**F**

**Fm**

always breathing through a straw
