=====

**G5** **D5**  
Once again I just can t get it straight

**G5** **D5**  
Wondering if wandering is my fate

**Bm** **A**  
But don t lose hope in me quite yet

**G** **Gm**  
cause help must be on the way, any day

**D** **F#**  
From my head to my heart  
**G** **E**  
can't seem to find a way they're so far apart  
**D** **F#**  
It's not you, it's not your fault  
**G** **E**  
You've got everything I could ever want  
**D** **F#**  
And you've always understood my intentions are good  
**G** **E**  
and we've been so close from the start  
**D** **A**  
but the furthest distance I've ever known is  
**G** **D**  
From my head to my heart

I feel the distance standing here next to you  
I don't want to keep you waiting, but I've been waiting too  
Some day if I get there and you still want me too  
we can see it through

From my head to my heart  
can't seem to find a way they're so far apart  
It's not you, it's not your fault  
You've got everything I could ever want  
And you've always understood my intentions are good  
and we've been so close from the start  
but the furthest distance I've ever known is  
From my head to my heart

Furthest distance I've ever known is  
From my head to my heart  
My head to my heart
